

Customer Profile

PNEUMATIC SCALE ANGELUS of BARRY WEHMILLER GROUP goes in live with INFOR XA 9.1 Release.

Pneumatic Scale Angelus

Product: Infor XA

Industry: Manufacturing & Distribution

Country: Italy

Twingroup Global Solutions, Infor Associate Partner and “World Class” ERP software and services provider, announced that the 1st of October 2015 **PNEUMATIC SCALE ANGELUS ITALY**, member of the American **BARRY WEHMILLER group**, went in live with 9.1 Infor XA Release.

PSA is recognized worldwide in the design, production and maintenance of seamers. For over a century drive technology development of machinery and equipment for seaming and for canning, both for the metal packaging industry. To serve more effectively the EMEA countries, the company PSAngelus decided to open a new start-up in Italy and more precisely in Parma, entrusting the new branch design and manufacture of seamers for the food industry.

ABOUT PSANGELUS

Pneumatic Scale Angelus is an American leading manufacturer of entire lines of packaging and labeling technology and centrifuges for the pharmaceutical, personal care, home and food & beverage industries. It was born in the early last century in Akron (OH) but recently, however, it was acquired by the American group Barry Wehmiller and it became part of one of the largest groups in the world specialized in industrial packaging. In May 2015, the company opened a new subsidiary in Parma, one of the most important industrial centers for the food and beverage sector. The new office is specialized in the production of High technology seamers, spare parts and equipment. The company had in Europe already three more branches in Great Britain, Belgium and Germany. The Italian subsidiary is, however, the first office outside of the USA where people design and build cars from scratch. The seam is the process of closure of the metal cans through the cold deformation of the metal sheet, necessary to hermetically join the edges of a can and its lid. At the rate of a minimum of 100 to a maximum of 2500 pieces per minute, the advanced seamers made in Parma took hold in Europe, North Africa and the Middle East.

9.1 INFOR XA GO LIVE

PSAngelus is live with the 9.1 release of Infor XA from 1 October 2015. The implementation project is part of a wider IT standardization program the American Barry Wehmiller group, which recently acquired the company.

The Infor XA implementation has been an opportunity for the company to improve enterprise processes and to meet Group standards. The Twingroup team has been involved during summer 2015 for implementation project of Infor XA in the Italian branch of the group.

" The Italian PSAngelus XA project has been a very important opportunity because for the first time we have offered our support to an Italian startup of a large multinational group. We have been involved in the project during the summer and the *go live* was scheduled for early October 2015. With full availability and cooperation of the PSAngelus team in Italy and in America, we have successfully made the roll out of the system in a few months. We are pleased with the confidence that the American Barry Wehmiller group granted us once again for its projects in Italy and for the PSAngelus granted us for this specific project. "

Gherardo Maspero (Twingroup Global Solutions Managing Partner).

RISULTATI DEL PROGETTO

The Infor XA implementation project is a successful project for both PSAngelus and Twingroup team. The company achieved the goal of adapting to the Barry Wehmiller group standards, by accessing to Infor XA ERP system. It has been an opportunity to improve business processes and to follow the directives of the international group.

"The Infor XA deployment has been an important step for the full integration into the Barry Wehmiller group. Infor XA will allow us to facilitate the sharing of information with the group and then the management of the commercial aspects. With even the IFM go live (International Financial Management) we will be more and more integrated with the Group also from the point of view of Financial Reporting "

Giovanna Granata (Accounting Leader PSAngelus Italy).

"The IFM (XA International Financial Management) is in live since October 2015; The time was very short. It is important to stress that this result is due to the extraordinary ability and proactivity of Management Accounting Department. We also supported business areas already left (Purchasing, Order Entry, Inventory Management) on emerging problems. Working with the staff of PSA Italy has been a truly remarkable experience. "

Franco Ferrario (Twingroup Global Solutions Project Manager)
